Dubai International Arbitration Centre

First created in 1994 as the ‘Centre for Commercial Conciliation and Arbitration’, the current Dubai International Arbitration Centre (DIAC) is an autonomous, permanent, not-for-profit institution that provides the local regional and international business communities a high caliber of arbitration services and facilities at an affordable price.

Located on the 14th floor of the magnificent glass quarters of Dubai Chamber premises, DIAC provides commercial arbitration and resolution of disputes that occur among the trading parties with the help of internationally qualified arbitrators who have an extensive knowledge in the basics of international arbitration rules.

DIAC plays an integral role with Dubai Chamber in the sense of providing all kinds of facilities that guarantee business continuity and development through improving the means of commercial arbitration and enhancing its legal awareness locally and globally. The services it offers include the overseeing of arbitral proceedings and commercial disputes, appointing arbitrators, choosing the venue for the arbitration and fixing the fees of arbiters and mediators, DIAC also maintains a directory of experts, who are highly recognized for their diverse knowledge and practical experience in this field.

Through DIAC’s associate membership, members could enhance their knowledge and experience in international commercial arbitration by participating in seminars and training workshops and international conferences. This helps them learn about the latest developments of arbitration and the benefits they could get by being associate members of DIAC. To this effect, the Center houses the finest facilities and equipment to host a variety of arbitration proceedings.
