TELECOM

Mauritius Telecom

<https://www.telecom.mu/>

PROFILE

Mauritius Telecom is the leading provider of an extensive range of ICT services and solutions in Mauritius for both residential customers and businesses. Through its numerous initiatives, Mauritius Telecom has paved the way for the growth of the ICT industry, which has become a major pillar of the Mauritian economy. The Company had completed island-wide fiber deployment, thereby enabling Mauritian citizens and businesses to benefit from ultra-high-speed broadband internet. Innovation being embedded in its DNA, Mauritius Telecom has launched several game changing offers and services: my.t money in 2019 which revolutionized the payments industry, unlimited prepay and post pay data packages and my.t BillPay app as a single digital platform for all utility bills among others. This year Mauritius Telecom propelled Mauritius into the gigabit era with 1Gbps internet speed on fiber and 5G mobile network. This life extraordinary initiative meets the needs and expectations of all Mauritians and, as a result, they help us achieve excellence. Not only in Mauritius but also in Africa where Mauritius Telecom received 2 prestigious awards: Connectivity Project of the Year and Most Innovative Product or Service Award 2021
